

# **Heads Up Kennels**

## **Presents**

### **Advanced Field Training**

**A three day workshop with Dennis Voigt**

**May 19, 20 and 21, 2017**

**The workshop will be held at locations in the Comox Valley from 9 – 5 pm Friday, Saturday and Sunday –May 19-21, 2017**

Working dog/handler teams will be limited to 12 with 15 observer spots. Unlike this year, only working dogs will get time in the field. Observers will not be running a dog. If you have a working spot there will be a minimum of three set ups per day. As in the workshop this past August, you will be running and handling your dog with Dennis helping you at the line. Dennis will not be handling or training your dog. The goal is to for you and your dog to build on the skills taught at the workshop last summer, with the end point being you both well on the way to All Age work. This is an outstanding opportunity to get ready for the 2017 HT season, prep for the NM, make the jump from Master to FT's, tune up a FT dog or whatever your goals.

The cost will be \$450 for a three day working spot, \$250 for an observer. We are hoping for a Purina sponsored dinner on the Saturday night. More information will be made available, as we get closer to the dates.

**All working spots are filled. 12 observer spots remain. Your cheque for payment in full must accompany your registration form. No refunds after April 15<sup>th</sup>, 2017.**

To register, fill out the attached registration form and mail it, together with your cheque **made out to Anne Everett** to:

**Anne Everett Box 271 Merville, BC V0R 2M0**
