

## Jenny Damm Agility Seminars 2014

Hosted by Canine Agility Association of Nova Scotia

September 26, 27, 28, 2014

Mt. Uniacke, Nova Scotia

Held indoors on dirt at the MacKenzie Centre (Uniacke Dog Sport Club)

### CAANS is pleased to welcome Jenny Damm

You asked for her and we listened. Jenny was the top requested seminar presenter on our recent member survey. With good reason! Jenny has been among the top agility handlers for more than 10 years. Her skills and adaptability have made her a champion year after year. Her credentials are so extensive, we've added a third page just to list them.

We are extremely lucky that Jenny chose Nova Scotia as one of her stopping points on her 2014 North American tour. There were many clubs requesting her time and we were thrilled that CAANS made the short list.

Twice world champion and a perpetual front runner, Jenny combines a winning attitude with a gentleness and respect for dogs that is more important to her than any trophies or medals. In spite of her incredible accomplishments in agility, the thing she is most proud of is her connection and partnership with her dogs. In fact, she is so connected with her dogs that she never travels alone. Jenny will be bringing one of her companions from Sweden on this trip.

### Agility Foundation and Masters Handling for the Competitive Edge

Two learning opportunities will be available. On Friday we will present a foundations seminar that will be targeted to puppies and young dogs. Jenny really enjoys teaching foundation work to all levels of handlers and dogs. She will present a day that will give the youngsters the foundation they need to get on the right track for a solid agility career.

On Saturday and Sunday, Jenny will present a two-day Masters handling seminar that will be focused on introducing concepts to improve your connection, your handling, and your ability to grow together as a team. Her instruction is tailored to your needs and will help you realize whatever goals you wish to achieve in agility. This is what a long-time Jenny student told us about Jenny's teaching: *Jenny is wonderful with all levels and dog types! Gives 500% enthusiasm for all teams. Can help ANYONE and EVERYONE.*
