August 19 & 20, 2017 (Saturday & Sunday)

Saturday: Engagement, Personal Play & Toy Play

Sunday: Handler's Choice (Obedience Only)

HOST: dogWISE Training (Heather Lawson & Teri Martin)

LOCATION: TNT Kennels, 27624 Watson Rd., Abbotsford

COST: Working Spot - \$300 (1 day working & 1 day audit)

Audit (2 days) - \$200

PARTICIPATION FORMAT:

10 Working Spots are available each Day. Choose which day you wish to work your dog this will determine the day you must audit. (Handler & Dog will be working 1 day and auditing the other day)

- If choosing to work Saturday - you will audit Sunday without dog participation
- If choosing to work Sunday - you MUST audit Saturday without dog participation

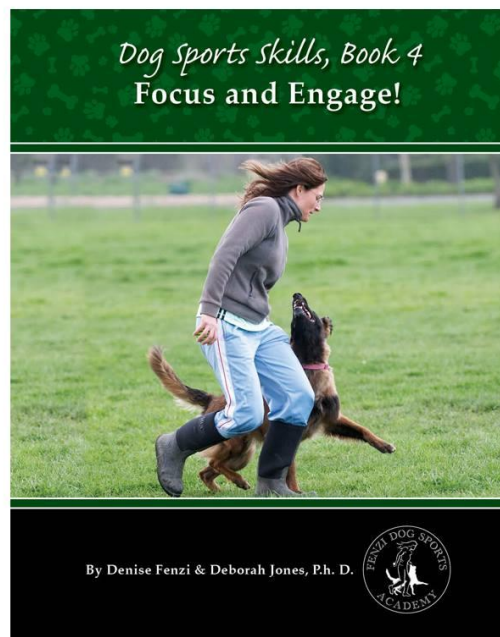

SATURDAY (full day) - Engagement, Personal Play & Toy Play

ENGAGEMENT SESSION> The emphasis in this portion will be:

- 1) helping dogs become comfortable in new spaces via acclimation
- 2) giving dogs the freedom to ask to work
- 3) asking for increasingly more of our dogs (eye contact, personal play, and finally, work) before a classic reward such as toys or food show up. This seminar also helps participants understand beginning personal play with their dogs. The end goal of engagement training is a dog that is extremely comfortable in a working space, and who drives the handler to create interaction and work.

TOY & PERSONAL PLAY SESSION (if time) > The emphasis will be on excellent toy & personal play - building toy drive in softer dogs or dogs that show limited interest, and building control in stronger teams. Personal play portion introduces different ways to play with a dog that does not involve food or toys.

> 10 working Teams.

SUNDAY (full day) - Handler's Choice (Obedience Only)

Emphasis on allowing extensive working time with each team. There is no group work. Each dog's problem or stage of training is discussed, and options for working through the problem or exercise are presented. The team then practices with continuous feedback from Denise.

> 10 working Teams.

(Working teams for Sunday MUST have attended Saturday as an auditor)

This seminar is best suited to those who are actively participating in dog sports, have an understanding of even markers and use positive reinforcement training.

***** Working spots are NOT suitable for reactive dogs *****
