

The Rottweiler Club of Canada is hosting a

Herding Instinct Test

When: Saturday, October 15, 2011

Where: No Chicken Ranch

(Just outside of Okotoks, Alberta)

Cost: \$50.00/dog

Pre registration is required, space is limited.

Contact Michelle at rottndog@telusplanet.net or

403-620-0676 for more information.

A Herding Instinct Test introduces dogs and their handlers to herding at the basic level. It is designed to show whether or not the dog, which may have never had any exposure to livestock, still has the natural instinct to perform the function for which the breed was initially created. It is a non-competitive introduction to carefully selected and easily handled livestock under favorably controlled conditions.

Net proceeds to Rottweiler Rescue.
