OCTOBER 14 & 15 2017

HEADLINERS BIOS:

Anders Rosell:

A Graphic Designer and Art Director by profession, Anders is a world-renowned top breeder of Standard and Miniature Poodles under the prefix 'Avatar'. Anders has been involved with Poodles since the mid 70's and bred and owned many Top and BIS winners. As a small scale breeder Avatar has bred champions in 20 different countries all over the world. The Avatar dogs are to be found behind top winners all over the globe. At prestigious shows such as the PCA (Poodle Club of America National Show) his dogs have produced BIS, BIS puppy, BIS Veteran, 3 different Winners Dog, many Award of Merit winners as well as BIS Stud dog and BIS Brood bitch. Anders is the only European Standard Poodle breeder who has bred/owned four generations of American Top Producers. Six different stud dogs bred or owned by Avatar have produced Group winners in North America only. He has also bred and owned World Winners in Europe, Junior World Winners, Veteran World Winners, Dog Of The Year Winner in Australia, as well as Top Poodle Bitch in Canada. Anders is also a licensed grooming judge and has judged at competitions such as Intergroom in America, the Oster Invitational Tournament in Germany, Groomania in Belgium, Artero International Championship in Spain, Scandinavian Master Groom in Sweden. As an educator he has held many grooming seminars and workshops for Poodles, which includes countries such as the U.S, Canada, England, Australia, Russia, Israel, Scandinavia as well as numerous countries all over Europe. He used to be the co-owner and publisher of the famous breed magazines The Scandinavian Poodle Magazine and Scandinavian Sighthounds – The Journal. Anders is currently living and working in Malaga, Spain.

Dr. Christine Scruggs MDV:

Christine started her kennel Tivin in between college and veterinary school, however her relationship with poodles started in childhood as her mother also bred poodles under the pre-fix Tiva. Christine breeds for the total dog, as she does compete in performance events as well as conformation. As a veterinarian, she is intimately familiar with the health challenges faced by the breed. One of her areas of expertise is canine reproduction. Christine is also the author of multiple articles published in various journals.

Natalie Green Tessier:

Natalie has had standard poodles since 1987 and bred her first litter in 2006. Learning about the state of the narrow gene pool and health issues in standard poodles inspired her to look for unusual pedigrees and get involved seriously in an effort to preserve this historic breed. Natalie is one of the founding members of the Standard Poodle Project, and acted as an advisor to Dr Niels Pederson of the UC Davis Veterinary Genetics Lab. More recently, she designed a programme and software which analyzes the data of hundreds to thousands of dogs in the database with information gleaned from the aforementioned study to help breeders choose the best mate choice (genetically, for maximum diversity) for a number of breeds facing bottlenecks including Akitas, English Bulldogs, Dobermans & Havanese.

Jac Harbour:

Jac has been breeding Standard poodles conformation, obedience and field titled Standard Poodles as well as family companions, therapy dogs and service dogs under the pre-fix Tudorose since 1972. She has bred some of the most diverse standard poodles in the gene pool today, many service dogs and hunting dogs, and has been a mentor to many. Since 2009 she has been a partner in Trainer's To The Rescue LLC. Jac founded hearing ear dogs & developed special skills dogs both now under the umbrella of the Lions Foundation of Canada. Among numerous awards she has been awarded include Woman of the Year and the Commemorative Medal for the 125th anniversary of the Confederation of Canada in recognition of significant contribution to compatriots, community and to Canada 1991.
