The Book

A collection of articles that first appeared in the *Golden Retriever News* and later in *Front & Finish*. Revised and rewritten, these articles explain how to teach each obedience exercise, as well as information about raising and training puppies, teaching classes, and preparing to enter the ring.

The DVDs

A set of 3 DVDs designed to show you how to start with an untrained dog and end up in the Utility ring. The small book and charts that come with the DVDs provide you with additional information to track your dog's progress and are designed to help you understand what skills you can teach your dog concurrently. The DVDs were filmed with dogs actually learning the obedience exercises, so you will watch handlers responding to their dog's errors as well as their correct behavior.
