

"Is That a Behaviour Problem?"

Behaviour Cases That Have Medical and Behavioural Differentials

Dr. Karen van Haften, DVM DAVCB

Behaviour problems are often a first sign of underlying disease, and dog training professions are sometimes the first ones to notice these signs. This presentation will cover common behavioural changes in cats and dogs that could indicate underlying medical problems.

June 23rd 2019 3:00 - 5:00

Pearmine Room @ Cowichan Exhibition Grounds
7380 Trans-Canada Hwy, Duncan, BC

Cost \$50

**This presentation is the educational component of VIATA's AGM at 1p.m.
It is free for members attending the AGM.**
