WORKSHOP INFORMATION

Instructor & Fun Tests Judge: Jane McLaughlin

This **Introductory Workshop** to the new Sport of *Barn Hunt*. Your dog will start to learn what the quarry smells like, work on climbing the straw bales and tunneling skills. We will focus on marking the quarry and handling techniques. All this helps prepare you for your first test, by explaining procedures and the Barn Hunt rules.

Training opportunities for the Barn Hunt beginner to experienced dogs working to complete their RATN title.

What can beginner dogs expect in the Workshop?

In a small group, our experienced instructor will lead your dog step by step from the concept of recognizing the rat in the tube to finding the hidden rat tube in the straw bails. Your dog can discover his natural hunting instincts in a safe and constructive way. You will start to recognise your dog's behaviour when it locates the tubed rat. Locating the correct tube takes place off leash in a fully fenced area.

What is Barn Hunt?

For hundreds of years itinerant 'rat catchers' travelled the countryside ridding barns and properties of vermin, thus helping to conserve food grains and prevent disease. The Barn Hunt Association has created a sanctioned sport based on this traditional dog work for all dogs, not just terriers. In this new sport, dogs locate rats (safely enclosed in aerated tubes) hidden in a straw/hay bale maze. It will test your dog's scenting ability, speed, agility and sure-footedness. Open to any and all dogs that can fit through an 18" wide by approx 20-22" high tunnel made of straw bales.
