Agility Playbook

WITH Chad Marquis

October 16 – 18, 2015

Topics will include...

- crosses
- pivot moves
- a variety of turn options and knowing which to choose
- path management
- cues

This seminar is geared towards handlers that are handling at an Advanced level with their dogs. Handlers will learn a variety of different moves now available and will learn how to apply them to courses. If you have ever wondered... "what is that move called?" or "how do I do that?" then this seminar is for you!

Friday night 6pm – 9pm – Understanding The Cues and Turns

This part of the seminar will concentrate on the How and Why it works. Handouts will be available Friday only.

Saturday 9am – 5pm – We will work on the execution of specific turns and then add them to sequences.

Sunday 9am – 5pm – Extension of Saturday plus additional turns.

You may sign-up each day independently if you cannot make the whole weekend. dogs will be getting light work Friday evening and will be indoors on ¾ inch foam matting.

Saturday and Sunday the dogs will be working all morning and then will be taking turns in the afternoon for the sequences. Saturday and Sunday will be outdoors but we could move indoors if the weather is not agreeable.
