## Advanced Clicker Training

Presented by trainers Eric Brad & Petra Wingate

Sunday, October 3, 2010

Cavalotti Hall, Nanaimo BC

### Advanced Clicker Training

9:00 AM – 5:00 PM

This advanced workshop is for trainers who have already learned the basics of clicker training process and use in training behaviours. It explores advanced applications and techniques of clicker training as well as the advanced concepts in behavioural and training science. This workshop is for the clicker trainer looking to expand their training toolkit to include more sophisticated training approaches, many of which simplify teaching complex behaviours.

Includes:

- Beyond food – conditioned reinforcers and reinforcement alternatives
- Delivery, timing, and repetition – refining your training techniques
- Creating effective training plans
- Effective prompting and fading
- How to evaluate your training effectiveness
- Counter conditioning
- Systematic desensitization
- Handler Q&A and problem solving.

Interactive working spots with dogs are available.
